

Why Choose Mueller-Dahl Remodeling?

- **WE REMODEL. PERIOD.** We specialize in remodeling and have built an excellent reputation since 1984. Mueller-Dahl Interiors is not a building company that does remodeling projects when new construction projects are slow. We are, and have always been, a specialized, local remodeling company. **What is the benefit to you? Our customer's expect, and receive, the best service, highest quality, and most customized craftsmanship in the business.**
- **WE DESIGN. BEAUTIFULLY.** When you hire Mueller-Dahl Interiors, you get "built-in" interior design services*, from the beginning and throughout your project. Many other local companies do not have an on staff designer, so you will pay up to \$150 per hour for outsourced design services. Our designer, along with our owner/general contractor, will meet with you in person to listen to your needs and to give you several ideas that you may not even have considered! **You will receive all inclusive, flexible, customized design plan to guide your entire home improvement project.** (*Note: some projects will require a separate design contract)
- **WE DO IT RIGHT. THE FIRST TIME.** It can be confusing! There are several ways to do any project. Based on our twenty years of experience, we know how to help you choose the best way for your specific project. That is, we know how to avoid potential financial and structural pitfalls. As a high end remodeling company, we refuse to "cut corners" just to make a profit, at your expense. Just ask our customers. They hire us because of our solid reputation of "doing it right!" Also, our customized estimate will give you a price range for your project, based on an extensive, personal, analysis. We've learned that this type of estimating is far more accurate than a square-footage-based bid, a method often used by other companies. **We do it right, the first time, whether it's estimating, planning, designing, or implementing your home improvement project!**
- **WE PUT YOU FIRST. EVERY TIME.** There's no doubt about it. Remodeling is stressful. We will help you through this difficult time! We will tell you what to expect. We will give you control over your final costs, depending on your choices within the estimate range. We will help you make choices, research and order products, and make design adjustments along the way. Most importantly, we will be there! That is, your project manager will be available, on the job site, every day. Our office staff is available by phone, fax, or email, every day. **In short, we will do everything possible to save you time and keep your stress to a minimum.**

Thank you for giving us the opportunity to bid your project! While we are putting together your customized estimate, please take a look at our website, www.muellerdahl.com, to learn about our company and to read reviews from several of our satisfied customers!
